ANOTHER STRIKE.—The drivers in the Edwin Clifford combination will open a three night's engagement and Saturday matinee. Of this troupe the Akron Sinday Gazetic says:

Last evening closed the successful season of the above company. Mr. Clifford has no reason to complain of lack of appreciation on the part of our amusementoving people. "Standing Room Only" was the reply to inquiries for seats long before the curtain rose on Thursday and Friday evenings, while the large and intelligent audience of last evening demonstrated the fact that the ever popular drama of "Fanchon" has a firm hold upon the public, especially with so admirable an exponent of its motif as Miss Putnam, who is certainly the liveliest little "crick." Collebrated Liver Pills, presulting the proposed of the successary to review or criticise the shale contained the fact that the ever or criticise the shale contained to the time.

Another Strike.—The drivers in the Belmont coal banks yesterday came out on a strike. They have been receiving on an average \$1.25 cents per day, the highest average wages paid, and struck for an average of \$1.40 per day.

The Riverside pays an average of \$1.25 and the La Belle \$1.25 per day. New men will be put in this morning, and, as the mill had coal sufficient to run it yesterday, no serious inconvenience resulted from the strike. The duty of these men is to run the coal from the "rooms" in the bank to the surface or mouth, where other drivers take charge of it.

Everybody wonders why so many liver remedies have been started. The extraordinary success of the genuine Dr. C. McLane's Celebrated Liver Pills, presented the fact that the every or criticise the shale of the containing the appointments of Harry Caldwell secretary. SEWER PIPE CONTRACTS.—Captain Wilson, member of Council from the Fifth ward, let a little light in on the matter of the letting of certain contracts. When the report of the Committee on Streets, Al-leys and Grades was presented, an item of \$564 45 for a sewer pipe, used in the construction of Alley item of \$564 45 for a sewer pipe, used in the construction of Alley 10 sewer, appeared. The payment of this item was objected to by the Captain for the reason "that it was exorbitantly high," and said, as a reason for his objection, that the same pipe had been laid for half a mile at the Penitentiary at 63 cents a foot, whereas 90 cents a foot was demanded by this contractor for his pipe. from 50c upwards; the best value in

pipe.
Mr. Stone then, as a member of the Committee on Streets, Alleys and Grades explained that a gigantic corner in the sewer pipe business existed in this city, and that they as a committee were pow-erless to resist its demands. "The plumberless to resist its demands. "The plumbers of this city have formed an organization by which they charged a fixed price for their pipe, and no one of them dares vary from this price. They take turns in taking contracts. The manufacturers are in 'cahoots' with the plumbers, and what can we do?"

Capt. Wilson at once resolved the intricacy by staing that the same obstacles.

(H)ALL WRIGHT.—Mr. John Hall, a nember of the Special Investigating Com-

From April, 1877, back to Def cember, 1872, Mr. Wright discovered frauds amounting to \$6,458 12. From 1875 forward the amounts abstracted ran from \$250 to \$000 per nonth. The Fortunate Trust of a Lawyer, Who
Promptly Collects a \$10,000 Prize
which Cost His Client \$2.

Next Drawing October 30, 1879.6.

David D. Terry, the well known lawyer at No. 8 John street, New York City, was asked if he had not held ticket No. 31,913

Company's drawing, on September 9, and said:

"Yes; I held whole ticket No. 31,913 in trust for a client. It cost \$2 at the office 5 of M. A. Dauphin, 319 Broadway, New York. I forwarded it through Adams (Express for collection, and received \$10, t000 in cash without deduction. I would rather not tell the name of the fortunate possessor of the money, since it would be a breach of confidence, and the principal object of collecting the ticket in my name would be defeated."

The reporter did not pursue his investigation further, as he was assured by the representative of the Company, that the Louisiana State Lottery never desires to reveal the identity of any of its patrons without their authority.—N. Y. World, Sept. 27th, 1870.
